STATEMENT OF OBJECTS AND REASONS.

THE object of this Bill is to afford greater security than at present exists under the provisions of the criminal law against the negligent use of Steam Machinery in Calcutta; a recent case of loss of life having shewn the expediency of such a measure.

The Bill directs the appointment of Inspectors by the Government, and renders it incumbent upon the owners of Steam-Boilers and Machinery worked by Steam in Calcutta to cause the same to be periodically inspected.

The objects of this Bill are analogous to those of Act V of 1862, B. C., under which the Government may direct all Steamers belonging to the Port of Calcutta to be regularly surveyed twice a year.

STATEMENT OF OBJECTS AND REASONS.

THE object of this Bill is to afford greater security than at present exists under the provisions of the criminal law against the negligent use of Steam Machinery in Calcutta; a recent case of loss of life having shewn the expediency of such a measure.

The Bill directs the appointment of Inspectors by the Government, and renders it incumbent upon the owners of Steam-Boilers and Machinery worked by Steam in Calcutta to cause the same to be periodically inspected.

The objects of this Bill are analogous to those of Act V of 1862, B. C., under which the Government may direct all Steamers belonging to the Port of Calcutta to be regularly surveyed twice a year.

IT is hereby notified that as the present Capital of the Bank is insufficient to meet its requirements, in consequence of the increase of business, principally arising from the establishment of Branches subordinate to the Bank in various parts of the Bengal Presidency, the Directors have determined, under the authority vested in them by Section 6, Act IV. of 1862, to increase the Capital from one crore, nine lacs, ninety thousand, nine hundred and nine Rupees, to two crores and twenty lacs, by the issue of new Shares or consolidated Stock under the following conditions :—

1*st*.—Holders of old Shares will be entitled to claim new Shares at par, in the proportion of one Share for every Share of which they may be registered as Proprietors in the Books of the Bank. Registered Proprietors of consolidated Stock will, in like manner, be entitled to an equivalent amount of new Stock at par.

2*nd*.—Holders of Shares or Stock, whether in India or elsewhere, shall be allowed to the 15th day of August 1864 to claim the new issue. All Shares or Stock not claimed by the said date shall be at the disposal of the Directors, who shall cause the same to be sold for the benefit of the Bank, in such manner and at such times as they may deem expedient.

3*rd*.—Payments in one sum of the amount of Subscription on any whole, half, or quarter Share or Stock, to which any Proprietor may be entitled under this Notification, may be made, at any time, after the publication thereof. On all such payments, prior to the 30th June next, interest will be allowed, at the rate of 8 per Cent. per annum, from date of payment to the 30th June; and the Shares or Stock so paid up shall, thenceforward, be entitled to dividend. On all payments, made subsequent to the 30th June, interest will similarly be allowed (at the rate of 8 per Cent.) until the 31st December following, from which date the Shares or Stock so paid up shall, in like manner, become entitled to dividend.

4*th*.—The transfer Books will be closed from the 16th to the 31st of August 1864 inclusive. NOTIFICATION.—*The 1st April* 1864.—The following Notification issued by the Government of India, Financial Department, is re-published for general information :—

No. 1523.—*The 19th March* 1864.—The following Despatch from the Secretary of State for India is published for general information :—

From Her Majesty's Secretary of State for India, to His Excellency the Right Hon'ble the Governor General of India in Council, (Financial),—No. 20, *dated 9th February* 1864.

SIR,—I HAVE considered in Council your Financial letter dated the 13th October 1863, No. 127, forwarding a Memorial from certain Uncovenanted Officers at your Presidency requesting an interpretation of paragraphs 21 to 25 of my Financial Despatch dated the 8th December 1862, No. 205, which relate to the limitation of Pensions to Uncovenanted Servants to £500 per annum.

2. In the letter from your Government dated the 6th August 1862, No. 111, you stated that the Uncovenanted Service "cannot claim to have any rights, under the Rules of 1831, beyond what may be considered to arise out of the general pledge which those rules may be taken to give, that a member of that service, when rendered incapable of further duty, shall not be discharged without some pensionary support. As regards the amount of pension to be given, the rules merely fix a limit which is not to be exceeded, and although it has, with rare exceptions, been the practice to allow the highest pension of which the rules allow, this practice cannot be admitted to confer on the Uncovenanted Service any right to claim that maximum in all cases without any regard whatever to the original design and scope of the rules."

3. In that view Her Majesty's Government fully concurred. It was therefore decided that Uncovenanted Servants appointed prior to the 19th May 1855, (the date of the Court's Despatch limiting pensions to £500 per annum,) whose average salary during the last five years of their service shall have exceeded Rupees 10,000 per annum, and also those who were promoted prior to the 6th August 1862 (the date of the letter from the Government of India relative to the limitation of Pensions to Uncovenanted Servants) to offices to which salaries exceeding Rupees 10,000 per annum are attached, shall, if their average salary during the last five years of their service exceed that amount, be allowed, "in cases of extraordinary merit," Pensions exceeding £500 per annum, the amount of excess to be governed by the merits and services of the retiring servant, and to be limited to an amount consistent with a due regard to the public interests. In regard to Uncovenanted Servants who have rendered approved services of only an ordinary character the pension must in no case exceed £500 per annum.

4. An Uncovenanted Servant promoted subsequently to the 6th August 1862 to an office to which a salary exceeding Rupees 10,000 per annum is attached is not to be granted an increased pension in consequence of the increase to his salary.

I have the honor to be, &c.,

(Signed) C. WOOD.

The following Notification issued by the Government of India, Military Department, is re-published for general information :—

No. 159 *of* 1864.—*The 26th February* 1864.—The usual Annual Examination is to be held, as soon as practicable after the receipt of the Order, in each of the Stations of the Bengal Presidency to which Deputy Inspector-General of Hospitals are attached, for the purpose of filling up vacancies in the Military Class of the Medical College. The College Session commences on the 15th June.

2. All Candidates will be required to possess a knowledge of the Hindoostanee language sufficient to enable them to read and write common letters and petitions, and Hospital Registers of Sick, in the Devanagri or Persian character, and to converse with a Sepoy in the Hindoostanee language.

3. Although a knowledge of English will not be insisted on in all cases, a preference, in selection, is to be given to those Candidates who possess a competent knowledge of English in addition to Hindoostanee.

4. The preference, in selection, attainments being equal, will also be given to those who have already been attached to or served in Civil or Regimental Hospitals. Beyond this, preference will not be given to men of any particular class; but respectable young men, especially those educated in the Schools of Behar, the North-Western Provinces, and the Punjab, are encouraged to offer themselves, bringing Certificates of character and acquirements from the Inspectors or Head Masters of the Schools.

5. Those holding such recommendations from the School Authorities, and Certificates of physical fitness from the nearest Medical Officers, will not be required to appear before the Committees. As, however, the number who can be admitted to the College from each Division is very limited, it is necessary that the School Authorities should send the papers of all Candidates, as soon as possible after the promulgation of this Order, to the Deputy Inspector-General of the Division, who, the recommendations being equal, will select, in preference, those whose nominations are earliest received.

6. The Examination is equally open to the sons of Soldiers and of persons engaged in Civil occupations.

7. The Candidates must be between the ages of fifteen and twenty years.

8. No Candidate will be allowed to present himself for examination who is physically unfit for the duties of a Soldier, and who cannot produce a written Testimonial of his conduct and character. The strictest care and attention are to be exercised in examining the Credentials of all Candidates, who will, in addition, be required to bring regular Descriptive Rolls, in order that they may be identified.

9. The Deputy Inspector General of Hospitals is to prepare a General Roll (in the Form hereafter given) of all Candidates, to be laid before the Committee, the Qualification Columns being left blank for the Committee to fill up.

10. Committees for the examination of Candidates will be convened by the Officer Commanding the Station upon the requisition of the Deputy Inspector-General of Hospitals, and will consist of two Medical Officers and an Interpreter.

11. These examinations will in future be final as regards the admission of the Candidates into the Medical College, no subsequent examination in the College of Fort William being required.

12. Each passed Candidate is to be furnished by the Deputy Inspector-General of Hospitals with a Descriptive Roll in the subjoined Form, which he is to present to the Principal of the College, and which will be his warrant for admission as a Student:—

20. Upon their admission they are to enter into an engagement to serve the Government as Native Doctors, as vacancies may occur, for a period of not less than seven years from the time of their leaving the Medical College in that capacity, unless prevented serving that period by physical inability proved before a Medical Committee and certified accordingly. If entering the Port by night vessels should keep at least three-quarters of a cable eastward of the light on the western mole, as, owing to the unfinished state of the works, that light is at present 100 yards from its extremity.
